

## DEMOCRATS WILL BE OPPOSED IN COUNTY PRIMARY

E. H. Crump O. H. Perry and  
Judge F. M. Guthrie May  
Have Clear Field in August.  
Must Qualify by Saturday.

No one seems anxious to cross political waters this year with E. H. Crump, Sheriff O. H. Perry or Judge F. M. Guthrie of the probate court. All three are candidates for re-election and being Democrats are also candidates for the Democratic nomination for their offices.

The primary has been called for April 6 and those who expect to enter it must qualify by filing their names with M. L. Lamm, secretary of the County Democratic executive committee by Saturday morning.

Thus far, not a single prospective candidate has appeared to oppose the three mentioned. It will enter the primary against Dave Wells for the nomination for state and county tax assessor.

If none appear by Saturday noon, the executive board of the Democratic county committee, of which J. E. Thomas is chairman, will meet the following Monday and declare Crump, Guthrie, Perry, Judge Guthrie and Dave Wells party nominees.

The county primary was called to include nominations for members of the county school board and constables also. No other offices have those mentioned as candidates.

W. T. Condon, the tax assessor, said some time ago that although he is a candidate for re-election, he would not enter the county primary. That will leave him as an independent candidate opposing the regular nominees of his party in August.

This is a presidential year, and the Democratic party in Tennessee will be called upon to stand against the efforts of the Republicans to get a foothold in the state. For that reason, it is of more than ordinary importance that the ranks of the party in Shelby county shall not be broken, either in the county election in August or in the general election in November.

Within five months it may be possible for some effort to be made to place other candidates in the field against the regular Democratic nominees, but at this time, especially in view of the personal popularity of the four gentlemen who seem certain to be declared the nominees, it appears that, with the exception of G. D. Wells, they may have no opposition in August.

## MEMPHIS MAY GET BIG COTTON MEETING

Influenced at Montgomery has necessitated a cancellation of plans to hold convention of the American Cotton Association in the Alabama city March 5 to 12, and the Memphis Chamber of Commerce has been asked to arrange for holding the convention in this city. It is not definitely decided, however, that Memphis will get the convention. Atlanta has made an attractive offer for the convention and is finding some favor because of its great hotel and auditorium facilities.

Thomas B. King and H. R. Chears held a conference at the Chamber of Commerce Monday and decided to urge the association to meet here if the convention date could be postponed until March 16. Mr. King and Mr. Chears telegraphed to Harvie Jordan, national campaign director in Atlanta.

For Colds, Grip or Influenza and as a Preventive, take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on box. 30c.

## James Going To Visit Knoxville

George R. James, president of the William R. Moore Dry Goods company, left Tuesday for Knoxville, where he will deliver an address Thursday, which will be a feature of the Merchants' Short course, an educational course being given by the University of Tennessee and the Appalachian Merchants' association. The course will last two days and will be closed with a play entitled "Putting Slow and Easy Co. on the Map." The play will demonstrate the value of advertising and progressive business methods.

Mr. James will speak on "Establishment and Maintenance of the Merchants' Credit in the Wholesale Market." Most of the speakers are from East Tennessee and the Carolinas. Mr. James is the only Memphis given a place on the program. Meetings will be held at the Knoxville chamber of commerce.

## SIR LOIN

When James I. was being banquetted at Hoghton Tower "a noble sirloin" of beef at the lower end of the table attracted his eye.

"Bring hither that sirloin," cried the King, "for 'tis worthy a more honorable post, being, I say, not sirloin but Sir Loin, the noblest joint of all."

Roast sirloin of beef, as tender and juicy as ever graced a king's table, is a specialty at CHILDS.

Served with fluffy mashed potatoes and rich, brown gravy.

## Many Tri-State Towns Planning Aviation Clubs

Jonesboro, Ark., will be the first town in the tri-state in the field with an aviation club this year.

Arrangements are now being made by Hayes Porter, Jonesboro aviator, who saw service overseas and three other former army pilots of Jonesboro, to complete the organization of the club and have their plane ready for operation by early in April.

John O. Day, secretary-treasurer of the Memphis Aerial company, has just returned from a visit to Jonesboro where he conferred with the club promoters as to the type of plane they wanted.

Before returning to Memphis Mr. Day visited Paragould, Ark., where Clinton Young, former flyer at Park field, has interested several of his friends in the same club idea. Day says it will be a race between Paragould and Jonesboro as to which will be the first in the field.

During the past week the Memphis Aerial company has received letters from the following towns in reference to the club idea, which has been adopted by the national association and which officials of the Memphis company have undertaken to put in effect throughout Tennessee: Arkansas and Mississippi, Helena, Fayetteville, Gordon, Ft. Smith, Hot Springs, Lake Village, Maury, Monticello, Nashville, Pine Bluff, Russellville, Springfield, St. Louis, Fordyce, Batesville, Clarksville, Black Rock, Conway, Cotton Plant, Blytheville, Camden, Fulton, Hazleton, Kansas City and Altheimer, Ark.; Holly Springs, Kerr, Greenville, Greenwood, Corinth, West Point, Iuka, Marks, Ingalls, Pontotoc, Okolona, Sardin, Shelby, Winona, Carrollton, Brooksville, Drew, Charleston, Aberdeen, Alligator, Cleveland, Amory and Belzoni, Miss.; Martin, Kenton, Dresden, Bells, Clifton and Camden, Tenn.

In practically all the towns listed letters have either been received from presidents and secretaries of the chambers of commerce or from the mayors of the city. They all express the desire to be in on the ground floor with their own club and to adopt the plan of club organization, which has been adopted as the national policy for the development of the airplane as a commercial factor.

"I feel confident that at least 25 clubs will be organized in full running order by the middle of June," said G. G. Garrison, president of the Memphis Aerial company. "We now have 25 planes on the way to Memphis from which point they will be distributed to the towns with club organizations. We expect to make Memphis the big airplane center of the South and believe that within the next two years it will be a common occurrence for a man to walk in and buy his plane as it is now for him to purchase an automobile."

## K. OF C. VETERAN PRAISES MARINES

The local marine corps recruiting station received a visit late Monday from Robert J. Harmon, of Columbus, Ohio. Harmon served with the marines as a Knight of Columbus secretary, and was warmly greeted by Capt. Pagan, in charge of recruiting, with whom he had weathered the mud and the rain out in the Argonne forest.

Harmon is now traveling in the South on business. He goes from Memphis to Louisville, and will then return to Columbus. He is interested in the production end of the moving picture industry, and is so favorably impressed with the South that he intends to make it his home in the near future.

Harmon joined the First battalion of the Sixth marines, a unit of the famous Second division, and participated at St. Mihiel, Blanc Mont and the Argonne-Meuse, accompanying the marines to Germany. He is a real dyed-in-the-soul leatherneck, and when he was appointed head secretary of the Second division he continued to remain with his battalion rather than to install himself at division headquarters.

"I went into my first scrap with that battalion," said Harmon, "and was converted to the marines as soon as we had been fighting five minutes. They never let the Huns rest for a second. We got to be good pals and I liked them so much that the comforts of a bullet at division headquarters had no charms if it meant separation from the old outfit, so I stayed with it to the day we arrived at Brest."

Harmon is of Irish descent and before leaving for Europe obtained permission to visit his mother's old home in County Galway, where he spent several weeks. He arrived in the United States after his division had landed.

## Humphreys County FOR FLOOD PROTECTION

YAZOO CITY, Miss., March 2. (SPL.)—A movement to organize Humphreys

county for flood protection in accordance with Yazoo county's plan has been launched, and from the interest a number of the residents of that county who visit Yazoo City are taking in the matter. It is believed that county will soon have a strong organization to work with that of Yazoo county in the prevention

of drainage organizations in the upper Yazoo delta section carrying out projects which will dump huge volumes of water on the lower delta section without proper protective measures here.

FLU BAN OFF.

JOHNSON CITY, Tenn., March 2.—Mayor W. B. Elliott, who by official proclamation closed everything here last week on account of the alleged prevalence of influenza, has lifted the ban, effective Tuesday noon.

When strikes, tie-ups and panics come, everybody looks to the Bowers stores, regarding them as emporiums of service. An increased demand from its patrons is not considered as an advantageous time for business, but a period when unusual strain is put upon its facilities for service.

The Bowers organization simply acts as a purchasing agent for its patrons. It cautions them against overbuying. All prices are based upon a uniform profit. The patrons share in all extraordinary opportunities afforded by the changing markets.

In the Bowers advertising the tendency is to underestimate rather than overestimate. The Bowers service is both for today and tomorrow, as it has been for eighteen years.

This is a great co-operative plan, representing forty-four stores, each in charge of a capable, experienced merchant who is a profit-sharing partner. The business is run in the interest of the patrons.

RELIABILITY in choosing a store sticks out like the Rock of Gibraltar. The idea means having in stock continuously, as far as possible, those articles the patrons will need, of dependable quality, bought "right," and reasonably priced.

This is merchandising as opposed to mere trading. Subtract one from the other and the difference is SERVICE, which is the big idea with Mr. Bowers Stores, Inc.

That one unusually significant quality is RELIABILITY. There are many virtues in the business code, but none are more important or mean more than reliability.

The patronage of the Bowers stores is not built upon flashy special prices or extravagant service. Its success is due to the development of a plan of helpful service, to make a dollar do its full duty in supplying the family needs and adding to the joy of living.

## This Tells You How to Get Benefit of the Best Senna

Finest Grade of Egyptian Senna Leaves used in compounding Dr. Caldwell's Syrup Pepsin.

PROMINENT importers and wholesale dealers in crude drugs and medicinal herbs gathered from all parts of the world do not hesitate to say that the market for the better grades of medicinal herbs, roots, oils, etc., is practically confined to the leading manufacturers of the so-called package medicines, who buy only the very best, and that the manufacturers of Dr. Caldwell's Syrup Pepsin are the largest users of the best grade of Egyptian senna leaves in the world.

The potency of a tea brewed from senna leaves to relieve constipation has long been recognized, not only by the medical profession, but by the public generally. In fact, senna has been known and used in medicine for more than five centuries.

The cheaper grades of senna, such as are usually sold at retail, have, however, a tendency to gripe and cramp

which makes their use unpopular with most people.

In Dr. Caldwell's Syrup Pepsin the finest Egyptian senna is combined with pepsin and other valuable agents, essential oils and pure cane sugar syrup to make an exceptionally valuable tonic-laxative for the relief of constipation and resulting disturbances of the stomach and bowels. The complete formula is plainly printed in English, French, and Spanish on every package. Thousands who formerly bought an inferior grade of senna leaves now use Dr. Caldwell's Syrup Pepsin instead. It is sold in drug stores everywhere.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Minn.

Gifts to Women

Jiffy-Jell Users Need Them and are Welcome. See Below

Jiffy-Jell made with Sun-Maid Raisins or Noae Such Mince Meat. Made with Style C Mold—Pint Size.

Half a Pineapple

Crushed to Flavor One Jiffy-Jell Dessert

Here is one example of the wealth of fruit in Jiffy-Jell desserts.

We crush pineapples in Hawaii—fruit too ripe to ship. The juice of half a fruit is condensed and sealed in a vial to flavor one pint dessert.

Yet the whole dessert costs but a few cents, ready at your call.

So with eight rich fruits which come in Jiffy-Jell. All are made from crushed fruit, all are abundant. All come in liquid form, condensed and sealed in glass—a bottle in each package.

Real-fruit flavors in bottles

Mark this Jiffy-Jell distinction. Note how it differs from old-style quick gelatin desserts. Jiffy-Jell alone has these bottled fruit-juice essences.

Jiffy-Jell desserts are fruit-made dainties, rich in fruit. The fruit taste is not mere flavor and not artificial.

People need fruit daily. Now, when fruit is costly, this is an ideal way to serve it.

Complete desserts

Jiffy-Jell comes ready-sweetened. It is acidulated with evaporated fruit acid. A rare-grade gelatin is in it, and the fruit-juice essence in a vial.

You simply add hot water as directed on package, and let cool. Then a package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jelly.

Yet this fruit-made dainty, rich in fruit, costs a trifle. It costs less than serving apples.

'Twill delight you

Try Jiffy-Jell in various fruit flavors. Try lime-fruit flavor for a tart green salad jelly. Try mint for a mint jelly to serve with meats.

Learn what these dainties mean to you. Compare them with old-style desserts of this type.

We offer you choice of several 50-cent molds if you will do this, and at once. Cut out our offer so you won't forget.

Ten Flavors in Glass Vials

Bottle in Each Package

Mint

Raspberry

Strawberry

Orange

Lime

Cherry

Loganberry

Pineapple

Coffee

Individual dessert molds

Style-B—The same in pint size Style-C

In assorted styles of aluminum, six to the set. The six will serve a full package of Jiffy-Jell. Send 5 trade-marks for the six assorted.

Jiffy-Cup for measuring

An aluminum half-pint cup. Fill twice with water to dissolve one package Jiffy-Jell. Use as an exact cup measure in all recipes. Send 2 trade-marks for it.

Teaspoon Size

Wm Rogers & Son AA

Silver Dessert Spoons, teaspoon size, in a favorite pattern of Wm. Rogers silver plate, guaranteed 20 years. For the spoon send 2 trade-marks, plus 10c for postage and packing. Then we will offer you the balance of the set.
